## THIS WEEK

**This week we have seen some glorious sunshine which has been most welcome and has brought a wonderful sense of energy to the playgrounds and outdoor learning areas. We hope the lovely weather continues and our families are enjoying the season change as much as we are.**

**We have had lots going on in school this week and many exciting trips and events have been happening throughout school.**

**We also held the first one of our After School Zoo Club, which was a great success.**

## ZOO CLUB!

**On Wednesday, we launched the first of our After School Zoo Clubs, which proved to be a great success with our students. They enjoyed learning fascinating facts about a range of animals and even had the opportunity for hands-on experiences, including holding some of them.**

**The Zoo Club will continue every Wednesday for the next four weeks, and we are confident that students will gain lasting memories as well as a wealth of knowledge about different animals.**

**On Monday, a group of our Student Governors—Maria, Nikita, Max and Phoebe—visited Warrington Disability Partnership to present a donation on behalf of the school.**

**Thanks to the generosity shown at our Christmas Fayre, we were delighted to contribute £300 to support the organisation's outstanding work in helping people with disabilities across the community.**

**During their visit, the students met Dave Thompson, who founded the charity. He kindly gave them a tour of the hub, introducing them to staff members and some of the individuals who regularly benefit from its services.**

**Our Student Governors are enthusiastic about building on this experience and look forward to continuing their charitable efforts within the community at the upcoming Summer Fayre.**

from Beech

HS, MWT, MD, CD, NR  
from Brch

RB, ED  
from Bonsai

ED, OF, KH, OT  
from Lavender

NB, DG, OP, PDR  
from Larch

WA, TB, ML  
from Linden

AG, EHS, LJT, LH  
from Willow

**On Friday, we welcomed Cheshire Fire and Rescue Service to school, where they delivered an engaging session on water safety. Students learnt important guidance on staying safe in and around water, as well as what to do if they see someone in difficulty. The team also demonstrated some of the specialist equipment used in water rescues, giving pupils a valuable insight into how emergency services respond in these situations.**
